Please **prioritize** a list of at least 20 titles for a 45 minute session. Note: from the list of 20 songs, *approximately 10 titles will be chosen for each packet*. We seek to provide strong literature that offers variety and balance (various voicings, levels of difficulty, styles, genres, periods, seasons, etc.). In addition to the "Tried & True," each session should include several newer publications. "Lighter" selections are welcome, too!

Upon request, and for your information, Kathy Rasmusson of JW Pepper will supply reading lists from the past few years. You may contact Kathy at: kasmuss@jwpepper.com. Generally speaking, songs presented in the last 2-3 years will not be selected for presentation.

Replace the header text with your name and the name of your reading session. RETURN THIS TO YOUR R & S CHAIR BY FEBRUARY 11, 2008. Thank you!!!
